All documents must be built to the bleed dimensions as required by the publisher for the ad space reserved. 1/8" bleed must be included on all four sides of the document. Documents must be built with no live type within 1/8" of trim size. Do not include trim marks, bleed marks, register marks or any other matter on ad files. All unused pasteboard items must be removed. Configure files as single-page documents. Do not use MultipleMaster or True Type fonts. All file formats must be in CMYK color space unless the advertiser is running a paid spot color(s) and has made prior arrangements with the magazine.

Files and color guidance for all ads should be sent to:
